

“MSD is at the forefront of research that we hope could change the way cancer is treated.”

— Scot Ebbinghaus, MD
Executive Director, MSD Oncology Clinical Research

VISIONARY SCIENCE IN IMMUNO-ONCOLOGY: TURNING IDEAS INTO RESULTS

**OVER 100 CLINICAL TRIALS ACROSS 30 TUMOR TYPES
AND MORE ON THE WAY.**

We need to do everything possible to help outpace cancer. That's why we've been investing significant resources to accelerate every step in the journey—from lab to clinic—to bring people with cancer new hope.
